Customer Information / Terms & Conditions

Cordee, Europe's largest specialist wholesaler and distributor of recreational / travel books, maps, DVDs and multi media since 1973 is still growing thanks to its loyal customers throughout the world.

This is our **cycling stocklist** – please try and use it for reference and order using product codes and the title or use the ISBN/EAN number. This list does not carry a lot of detailed information about the titles we carry, if you want more please contact the office or log on to our website which carries a full description of all the titles.

We also produce a **monthly newsletter**, this carries ordering information and a full description of all the new titles we add to the list as the year progresses. If you wish to receive the newsletter by email contact the office and we will add you to the list.

Faulty/Damaged books: Please make a note of the fault on the title page and return this along with cover and your returns note (when a book has a retail value of £20.00 or over we need the whole book). We will issue a credit on all returns; if you are in any doubt about a return or have a large quantity to send back please phone the office first to clarify the situation.

This Stocklist was compiled in JANUARY 2009 – every attempt was made at the time to include the correct price, title information etc. The publishing world is, however, in a constant state of change, titles go out-of-print, change from hardback to paperback, get revised and in the case of foreign guides are subject to currency exchange rate changes. We now list over 6000 titles so it is inevitable that during the lifetime of this stocklist there will be some changes; keep an eye on your invoices as these will always contain the most recent information. If titles go out-of-stock at any time we will record your order as due and supply when we can, please inform the office if you don't want this to happen.

VAT: for DVDs and other vatable products the **retail price in the trade list is calculated at 15%**. Invoices will be raised using the prevailing rate, which may vary from time to time.

Delivery Costs: orders are delivered carriage paid to addresses in the UK but we reserve the right to charge carriage/postage costs on orders under £50.00 (invoiced value). Carriage charges are applied for orders supplied to overseas customers – please contact the office for details as these will vary depending on destination, weight and speed of delivery etc.

Overseas mail order customers: Please order via our website www.cordee.co.uk or you can add 15% to the value of the order to cover postage. Payment can be made by sterling cheque, international bank draft in sterling drawn on a London bank or a post office giro in sterling to our account number 480 4058; major credit cards are also accepted. Payment can also be made in US dollars and Euros, please multiply by the correct exchange rate.
